

TITANS OF INDUSTRY

No matter what your market or application challenges, **Swagelok leak-tight, premium-quality Components** will significantly enhance the safety, productivity, efficiency, and profitability of your overall fluid-system operations

OUR EXPERT Recommendations

OIL & GAS

GRAB SAMPLING SYSTEMS

- Capture gas and liquid samples safely and efficiently for lab analysis
- Options for closed-loop sampling in pressurized cylinders or non-volatile fluids in glass bottles

MECHANICAL SEAL SUPPORT SYSTEMS

- We provide API plan systems built to the precise standards of API 682 for centrifugal and rotary pump sealing

GAS DISTRIBUTION SYSTEMS

- Ensure gases reach their destination with our standardized and custom solutions
- Modular panels protect operators, boost uptime, and improve process accuracy with intuitive labels and minimal threaded connections

POWER

VALVES

- We offer a wide variety of Ball, Check, Needle, Metering, Relief, Plug, Bleed-and-Purge, Bellows-Sealed, and other Valves for superior durability and low maintenance

REGULATORS

- Spring-Loaded or Dome-Loaded Pressure-Reducing or Back-Pressure Regulators provide extensive range of pressures and flows

QUICK-CONNECTS

- Drastically reduce spillage and air inclusions in your system with our Full-Flow, Miniature, Instrumentation, and PTFE-Sealed Quick-Connects

CHEMICAL

TUBE FITTINGS

- For severe corrosive environments, extreme temperatures, or high pressures areas

HOSES & FLEXIBLE TUBING

- Choose metal core, PTFE/PFA core, rubber core, and thermoplastic core options

MEASUREMENT DEVICES

- Pressure Gauges, Pressure Transducers, Flowmeters, Flow Sensors, and Thermometers

RESEARCH & DEVELOPMENT

FITTINGS

- VCR® Metal Gasket Face Seal Fittings ensure leak-tight service from vacuum to positive pressure
- Swagelok Tube, Pipe, and Weld Fittings – in 1/4", 1/8", and 1/16" sizes – for ultra-reliable results, no matter what your application

REGULATORS

- Maintain system pressures and minimize droop over a wide range of pressures and flows with our Pressure-Reducing, Back-Pressure, and Specialty designs. Spring-loaded or dome-loaded

QUICK-CONNECTS

- Virtually eliminate spillage and air inclusion with our Full-Flow, Instrumentation, Miniature, and PTFE-Sealed swift-and-simple-to-install styles

GAUGES

- Low pressure to severe service – Gauges, Flow Sensors, Flowmeters, Pressure Transducers, and Thermometers – provide accuracy to keep your workers, systems, and facilities safe

Put our team alongside yours

For complete details on all Swagelok products, value-added Strategic Support Services, or to arrange a tour of our leading-edge Fabrication Shop, contact:

Tim Davis,
Application Engineer

Tony Del Bianco,
Technical Sales Representative

WE DELIVER DIFFERENCE-MAKING SOLUTIONS:

Products | Strategic Support Services | Application Know-How

The Brand. The Inventory. The Expertise.

WE'RE YOUR SWAGELOK FLUID-SYSTEM SOLUTIONS PROVIDER

Industry-Best Componentry

Masterful Custom Fabrication

Expert Safety Training

Extensive Energy Evaluations

Unparalleled Application Knowledge

Comprehensive Hose Advisories

Proven Inventory Management Sport

Genuine Swagelok Tool Rentals

WE CAN HELP YOU SAVE TIME, MONEY, AND WORRY:
